Advanced EMT - Limited Term

Belleville Area EMS is recruiting for the position of Advanced EMT - Limited Term. Advanced EMTs are responsible for serving as an ambulance crew member or crew chief, providing excellent pre-hospital emergency medical care to the Belleville community.

The ideal candidate will have the following qualifications:

- Licensed at the Advanced EMT or higher level in the State of Wisconsin
- Current Healthcare Provider BLS certification
- At least 1 year pre-hospital or hospital-based experience the Advanced EMT level is strongly preferred
- Valid Wisconsin driver's license, with driving record acceptable to department insurer
- EVOG certification (or commitment to obtain certification within 3 months of hire)
- Ability to work in a team-focused environment

Belleville Area EMS is a growing service, providing 911 ambulance service to approximately 6,000 people in the village of Belleville and surrounding townships. A combination of paid and volunteer EMTs operate two ambulances at the Advanced EMT level. Belleville EMS responds to approximately 400 calls each year, from a single EMS station in the village of Belleville. The EMS station was completely renovated in 2020, and offers private sleeping quarters, a full kitchen, a comfortable day room and quiet study space.

The following benefits are offered to qualified limited term employees:

- Hourly pay starting at \$18/hr for experienced candidates
- Allowance for department uniform and boots
- Monthly department training, and access to training opportunities hosted throughout the area

This is a limited-term position. Limited term employees are expected to work at least 24 hours per month. 12- and 24-hour shifts are available. Scheduling can be flexible based on employee availability and the department's needs. The position reports to the EMS Chief. A full job description and application material can be found on <https://www.bellevilleems.org/>.
